

S. NOOR MOHAMED THAUFIQ

Aspiring DevOps Engineer

Ph: 8668146781 | Email: noorthaufiq@gmail.com

PROFILE SUMMARY

Computer Science Engineering student with hands-on exposure to DevOps tools and practices including Linux (Ubuntu), Git/GitHub, Jenkins CI/CD, Maven builds, and AWS cloud services such as EC2, S3, IAM, VPC, RDS, and CloudWatch. Familiar with CI/CD workflow concepts, build automation, source code management, cloud infrastructure fundamentals, shell scripting, Python automation, and troubleshooting. Seeking an entry-level DevOps Engineer role to apply cloud, automation, deployment, and monitoring skills.

DEVOPS SKILLS

- **Cloud Platform (AWS):** EC2, S3, IAM, VPC, RDS, CloudWatch, Security Groups, Key Pairs, Elastic IP
- **CI/CD:** Jenkins, Pipeline concepts, Continuous Integration, Continuous Delivery, Automated Build and Deployment
- **Build & Dependency Management:** Maven, pom.xml, Build Lifecycle, Packaging (JAR/WAR)
- **Version Control:** Git, GitHub, Branching, Commit, Push, Pull, Merge, Repository Management
- **Operating Systems:** Linux (Ubuntu), Windows, File Permissions, Process Management, Basic Linux Administration
- **Scripting & Automation:** Shell Scripting, Python, Command-line Automation, Environment Variables
- **Containers & Deployment:** Docker fundamentals, Container Concepts, Application Deployment Basics
- **Monitoring & Troubleshooting:** AWS CloudWatch, Log Monitoring, Error Analysis, Basic Incident Troubleshooting
- **Networking Fundamentals:** IP Addressing, DNS Basics, Ports, HTTP/HTTPS, VPC and Security Group Fundamentals

CERTIFICATIONS

- Foundation of Cyber Security — Coursera
- Python, Java — SoloLearn

PROJECTS

Learning Management System (LMS) Application

- Developed a full-stack LMS application for a client.
- Designed the user interface and implemented core application features.
- Integrated frontend with backend (MySQL), and used Git/GitHub for version control throughout development.
- Applied build, version-control, and troubleshooting concepts relevant to software delivery workflows.

EDUCATION

Bachelor of Engineering – Computer Science and Engineering

Rajalakshmi Institute of Technology, Chennai | YOP: 2026 | CGPA: 7.28

Higher Secondary Education — Magdalene Matric Higher Secondary School, Tirunelveli — 71.3%

High School — Magdalene Matric Higher Secondary School, Chennai — 78.6%

EXTRACURRICULAR ACTIVITIES

Editor – Tech Spark Club, Rajalakshmi Institute of Technology

- Managed Instagram content for the tech club; created posts and improved engagement and visibility.

LANGUAGES & INTERESTS

Languages: English, Tamil

Interests: Reading novels, Listening to music
